Information for tenants - Henius House March 2021

Remember! To register your car

If you want to park at the estate you have to remember to register your car on our website so the parking control officer can see that the car is allowed to park at the estate.

Since June 2020 we have had a parking control officer through Q-Park. Your parking licence is administrated via "Min side" on our website. You log in as usual and from here you can quickly and easily administrate your licence. (See how to do this in our attached step by step guide).

It is important to register your licence plate before you need to park at the estate in order to avoid a parking ticket.

If you have any questions or need any assistance please contact:

Himmerland Service Magisterparken, Magisterparken 22, 9000 Aalborg, email: magisterparken@abhim.dk, phone +45 98 14 24 70. Office hours: Mon, Tues, Wed og Friday 9.00 - 14.00, Thursday 12.00 - 17.00.

Kind regards Himmerland

6.

In the field "Nummerplade" insert your car's registration number – it is your responsibility to ensure that the information is input correctly.

In the field email you need to type your email. If we already have your email address registered this will automatically show.

To ensure an email confirmation for the parking license is sent we need to share your email address with Q-park – you therefore have to consent to this by ticking the box "Min email må gerne sendes til Q-park" – Q-park will not save your email address but only use it to send the parking license confirmation.

For guest parking you need to tick the box "Dette er en 24 timers gæsteparkering". This license is valid immediately and for the next 24 hours. The license is automatically deleted after this period.

When the required information has been filled in press "Gem nummerplade" to save.
